Agilia

RETRANSFER TECHNOLOGY

OPTIMAL SECURITY

QUALITY PRINTING

PRINTER

Agilia
High-Quality Printing.

Top quality printing on all card types.

This is what Agilia retransfer technology offers you.

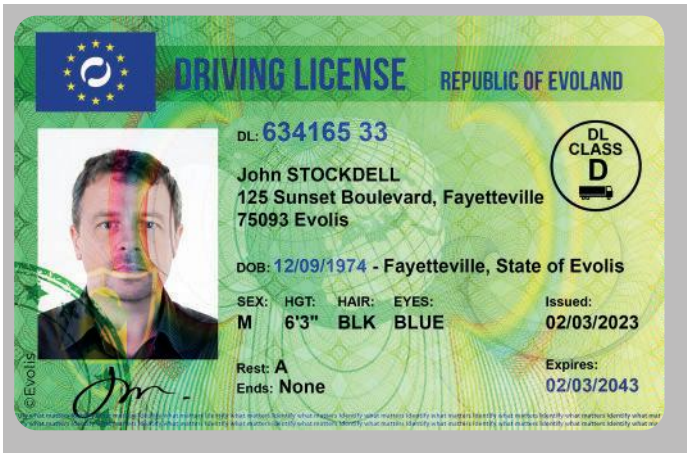
The retransfer film is the perfect fit for all cards and is highly **adaptable to different materials and technical specifications**, while covering the entire surface for an **attractive finish**.

Add to that a **print resolution of 600 dpi** and color adjustment via **color profile** and you get an exceptional rendering.

Optimal security for all your cards.

Agilia has numerous possibilities for **graphic and electrical customization** for greater card security. The choice is yours: microtext, guilloches, high-definition QR code, etc.

Need a higher level of security? Agilia is compatible with the **lamination module** for the application of laminates, such as varnishes and patches, transparent or with holograms.



Features & Advantages

Full details of Agilia features

Exceptional print quality

- **Printing beyond the edge** with retransfer printing technology
- **High definition print resolution of 600 dpi**
- Color adjustment via **color profile**
- Single or double sided printing*

High security and card durability

- Multiple **encoding options**
- Printing of **advanced security elements**: microtext, guilloches, high-definition QR code
- Electromechanical locking system*

High performance card issuance and management

- **Up to 150 cards per hour** (color printing, single-sided)
- **200-card feeder**, 100-card hopper
- Option to **load cards one by one**

Extensive choice of cards

- **Numerous compatible card materials**, even with irregularities: PVC, composite PVC, PET, ABS, PC
- Printing possible on **30 mil to 50 mil thickness**

Lamination module*

For even more **secure & durable cards.**

- Varnish
- Patch
- Generic and customized holograms

Intuitive use

- **LCD panel with QR code display** for operating assistance
- Evolis Premium Suite with optimized user experience on **Windows & Mac** (Linux on request)
- **Printing from smartphone and tablet**
- Card personalization software ID-ALL® Identification, elevated

Reliability and robustness

- **Print head with lifetime warranty**
- Printer 3-year warranty, 1-year extension*

Optimized design

- **Compact**
- Easy access to consumables

*optional or available on some models

A complete range of consumables

Evolis High Trust consumables ensure **high-quality printing and optimal service life** for your printer.

With a **wide range of cards, ribbons, and cleaning kits** you're sure to find the right product for your needs.

Our selection for Agilia

- **RT 1200 clear film**: a high autonomy ribbon for single layer use.
- **YMCKI / YMCKKI**: the *Inhibitor (I)* panel prevents printing on specific areas of the card (magnetic strip, chip, signature strip).

Technical Specifications

GENERAL FEATURES

- Single or double-sided print module
- Perfect printing of the edges
- 600 dpi print head (23.6 dots/mm)
- Print quality optimization via color profile
- User interface: 3.5 inch color LCD touchscreen

PRINT SPEED

- Single-sided (YMCK): 150 cards/hour
- Double-sided (YMCKK): 100 cards/hour

CARD MANAGEMENT AND SPECIFICATIONS

- Feeder capacity: 200 cards (0.76 mm – 30 mil)
- Hopper capacity: 100 cards (0.76 mm – 30 mil)
- Reject hopper capacity: 10 cards (0.76 mm – 30 mil)
- Card types: PVC cards, composite PVC cards, PET cards, PC cards, ABS cards

PORTS / CONNECTIVITY

- USB (2.0), cable supplied
- Ethernet TCP-IP 10BaseT, 100BaseT (Traffic Led)

EVOLIS HIGH TRUST® RIBBONS

To maximize the quality and lifetime of the printed cards, the service life of the print head, and the overall reliability of your printer, use Evolis High Trust® ribbons.

- Ribbon capacities:
  - Transparent transfer film: 1200 prints/roll
  - YMCK ribbon: 600 prints/roll
  - YMCKK ribbon: 600 prints/roll
  - YMCKI ribbon (for smart cards, magnetic strip cards, and signature strips): 600 prints/roll
  - YMCKKI ribbon (for smart cards, magnetic strip cards, and signature strips): 400 prints/roll

List of ribbons available at www.evolis.com

LAMINATION (OPTION)

- Standard single and double-sided
- Wide range of lamination films: patches and varnishes with or without holograms

List of laminates available at www.evolis.com

OPTIONS INTEGRATED ON SITE

- Double-sided activation key
- Encoding modules
- Lamination module

SECURITY

- Socket for Kensington® security lock
- Module for locking access to blank cards, ribbon, and film (optional)
- Erasure of sensitive data from the printer memory

ENCODING MODULES

- ISO 7811 magnetic strip encoder
- Contact smart card encoders
- Contactless smart card encoders
- Dual smart card encoders (contact/contactless)
- Options can be combined
- On-site or factory fitting

SOFTWARE

- ID-ALL Starter Edition for designing and editing badges (Windows® and macOS).
  OS compatibility details available on www.cardpresso.com
- Evolis Premium Suite 2 for complete printer management (printer drivers, printer settings and assistance, user notifications). Compatible with Windows® and macOS.
- Evolis Print Service (mobile app) for printing from Android and iOS mobile devices.
  OS compatibility details available on www.evolis.com
- Evolis SDK (Software Development Kit) for complete management and optimal integration of Evolis printers in IT applications and systems.

WARRANTY CONDITIONS[2]

- 3 years for the printer, lifetime for the print head
- Optional extended warranty available

1: Speed measured from the insertion of the card detected by the sensor to the ejection of the card.
2: Warranty subject to strict compliance with specific usage and maintenance conditions and use of Evolis High Trust® consumables
